An act to add Section 42283.3 to the Education Code, relating to school finance.

### LEGISLATIVE COUNSEL'S DIGEST

SB 667, as amended, Hollingsworth. School finance: small school districts: necessary small schools.

Existing law defines a necessary small school as an elementary school with an average daily attendance of less than 101, exclusive of pupils attending grades 7 and 8 of a junior high school, maintained by a school district that maintains 2 or more schools, that meets other criteria involving combinations of distance and average daily attendance. The county superintendent of schools is required to make computations for each elementary and secondary school district that has fewer than 2,501 units of 2nd principal apportionment average daily attendance and maintains at least one school that meets the criteria for a necessary small school.

~~This bill would deem Palomar Mountain Elementary School to be a necessary small school and make the Valley Center-Pauma Unified School District eligible to receive apportionments for the school pursuant to its status as a necessary small school. If the average daily attendance of the Palomar Mountain Elementary School exceeds 100, or if the average daily attendance of the Valley Center-Pauma Unified School District increases by 5,000 or more units of average daily attendance~~

as compared to the district's average daily attendance as of January 1, 2008, then the school would not be eligible to receive apportionments as a necessary small school.

*This bill would authorize a consolidated school district to receive necessary small school apportionments for an elementary school that previously qualified as a necessary small school prior to its inclusion in the consolidated district if the school satisfies all of the applicable requirements for designation as a necessary small school, the consolidation of the school district occurred during or prior to the 2000–01 fiscal year, and the total average daily attendance of the consolidated school district remains below 5,000.*

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*
